MISSISSIPPI AND OHIO RISING

Illinois Towns Threatened by Floods—Cincinnati Expects 70 Feet Tonight

PRESIDENT AND GOVERNOR ARE APPEALED TO FOR AID

Wabash Rises—Women and Children Sent From Danger Zone at Shawneetown

SPRINGFIELD, Ill., March 31.—Swollen waters of the Ohio and Mississippi rivers stormed last night at the gates of half a dozen southern Illinois cities.

At Cairo just before midnight the river level was within a foot of the top of the levee that protects the city, and was still rising. Governor Dunne received word at midnight that the city was doomed. Other towns and cities affected were Shawneetown, Upton, Cairo Junction, Gallatin county and Mounds. Bernard Knabb of Cairo wired to Springfield for 1000 tents to shelter the homeless.

CREST OF FLOOD EXPECTED TONIGHT AT CINCINNATI
CINCINNATI, March 31.—With the crest of the flood expected tonight, the Ohio river is the highest in forty years. Seventy feet is expected to be the high flood mark.

RIVER 40 MILES WIDE AT CAIRO; FLOOD SWEEPING DOWN RIVER
CAIRO, Ill., March 31.—Dispatches from Evansville warned Cairo today that a flood is sweeping down the Ohio valley, causing immense damage. The river is forty miles wide at Cairo, Illinois. The crest of the flood is expected tomorrow.

Appeals for aid were sent to President Wilson and Governor. The Seventh regiment of the National Guard has arrived. There is a general exodus of citizens.

Flood Feared at Shawneetown
SHAWNEETOWN, Ill., March 31.—The Ohio river is rising constantly and the worst flood in the history of this section is now feared. The Wabash is two feet above all previous records and is still rising. The women and children have been sent to the hills. Two companies of militia are patrolling the town.

Persons remaining in town have taken refuge in the upper stories of houses. Sufficient boats are ready for rescue if necessary.

NEW RICHMOND FIRES ON BOAT THAT CHURNS WAVES

NEW RICHMOND, Ohio, March 31.—Fearing the waves churned by the paddle wheels would wreck their submerged homes, citizens here today fired on the river steamer Greenland. Three bullets entered the pilot house, narrowly missing the officers.

RATES TO WESTERN COAST ADVANCED

Commission Rules Rates Must Be More Than to Points Lying Intermediately

WASHINGTON, March 31.—The interstate commerce commission in a decision today advanced the rates on transcontinental westbound freight to a point higher than the rate to any intermediate point. This ruling applies to commodities not actually affected by ocean traffic competition.

The commission approves with minor exceptions all new rates presented by the carriers in accordance with the Spokane rate case decision.

LUCK ASPIRANT'S FOR POSTOFFICES IN CALIFORNIA

REDLANDS, March 31.—C. M. Brown of the Democratic state central committee, has received a telegram from Representative Kettner, saying: "To stop further controversy you may notify the newspapers and the following persons that they have my support for postmaster: At Highlands, Boyd; Barstow, Gilman; Cucamonga, Lucas; San Bernardino, Ernest Martin; Colton, Summers; Upland, Monroe; Redlands, Thomas."

President Will Pay Rent for His Summer Capital

SANTA BARBARA, March 31.—President Wilson wants it thoroughly understood that he will pay rent for Winston Churchill's summer home near Windsor, Vermont, which he has selected as the summer capital.

"It is true that President Wilson will use my home," Mr. Churchill said today, "but he wants it understood that he is renting it. Other presidents have been known to accept places for summer capitals without paying rent. President Wilson is opposed to this."

Winston Churchill will himself spend the summer here.

NEW YORK, March 31.—The university dramatic season will open tonight when the Columbia University Players present their new show, "The Brigands," at the Hotel Astor. They will play Washington, April 7, and Pittsburgh, April 8.

WALTER PAGE WILL BE AMBASSADOR TO GREAT BRITAIN

WASHINGTON, March 31.—It has been definitely learned that Walter Page of the publishing firm of Doubleday, Page & Company, will be named as American ambassador to England. The official announcement is expected today. As editor of "World's Work," Page was among the first to urge Wilson's presidential candidacy.

PROGRESSIVES IN NEW JERSEY BUSY

Newark to Be Model Community If New Party Can Enlist Every Faction

NEWARK, N. J., March 31.—Calling upon all good citizens to "get together and plan reforms that will make Newark a model community," the Progressive party of this city has arranged a banquet for tonight and invited leaders in all parties and factions to participate. Among the speakers will be Comptroller Prendergast of New York, and Miss Cornelia Bradford, one of the most prominent Progressive party workers in the state. White slavery, wage conditions and other public questions of vital import will be discussed.

STATUE TO GRAND DUKE

ST. PETERSBURG, Russia, March 31.—At St. Petersburg the foundation stone of an equestrian statue was laid to the memory of the Grand Duke Nicholas Nicolaievich in the presence of the czar, the members of the imperial family, the ministers, certain generals, and the Roumanian, Bulgarian and Servian ministers.

STRICT DISCIPLINE

LISBON, Portugal, March 31.—According to a recent decree issued by the government, the discipline among civil servants is rendered more strict. Discussion of the acts of their chiefs is in future to be regarded as a punishable offense.

PRE-COOLING RIGHT OF SHIPPERS AGAIN UPHELD BY COURT

WASHINGTON, March 31.—The Commerce Court today dismissed the petition filed by the Santa Fe, Salt Lake and Southern Pacific railroads asking the court to revoke its orders allowing the shippers of citrus fruits to precool and price their own carload shipments.

Shippers are able to precool and price at \$32.50 per car while the railroads are charging \$62.50. The court's orders were filed January 1, 1911, and April 8, 1912.

FLOOD SITUATION GREAT PROGRAM IN OHIO WELL FOR BENEFIT IN HAND WEDNESDAY

Secretary of War Garrison on Way to Washington—Gen. Wood In Command Relief Fund

MONEY NEEDED; SUPPLIES ABUNDANT OTHERWISE

Sixty-five Reported as Number of Dead In Columbus Epidemic Averted

COLUMBUS, March 31.—The flood situation is so improved that Secretary of War Garrison has returned to Cincinnati preparatory to starting for Washington. Following a final conference with General Wood and Governor Cox, he wired President Wilson that his presence was not needed. Gen. Wood remains in charge. The message to President Wilson said: "I am able to assure you and the country that the Ohio situation has been met. Points hitherto inaccessible will soon be reached. There is an abundance of supplies."

By Wednesday all the Columbus dead, sixty-five, will be buried. Only one is still unidentified. Dayton dispatches say the situation is well in hand.

Money Needed in Flooded Cities
COLUMBUS, Ohio, March 31.—Money is badly needed throughout the Ohio flood section. Only \$278,000 has been received by the various committees, although more than a million dollars has been subscribed. Rehabilitation is progressing slowly.

Major General Wood, chief of staff of the U. S. army, is in sole charge of the sanitation work. He is confident epidemic will be prevented. He has ordered the immediate removal of four feet of slime in the streets of the submerged section.

Sixty-four bodies of flood victims were at the morgue at 7 o'clock this morning. It is reported others have been located in the slime of the receding waters.

60 DEAD FOUND AT HAMILTON; PROPERTY LOSS, \$400,000

HAMILTON, Ohio, March 31.—Sixty bodies have been recovered. The flood victims here are estimated as one hundred. Property loss, forty million dollars.

LEGISLATURE IS TO DONATE \$100,000

To Flood Relief Fund If No Legal Obstacles; Frisco and Los Angeles Generous

SACRAMENTO, March 31.—If there is no constitutional obstacle the legislature will appropriate \$100,000 for the flood sufferers. This decision was reached in a conference between Governor Johnson and the special senate and assembly committees. The committeemen were Senators Caminetti, Birdsall and Owens; Assemblymen Bennett, Stuchlik and Sutherland. They will meet again tonight after investigation of possible legal barriers.

San Francisco Subscribers \$50,000
SAN FRANCISCO, March 31.—The flood relief fund here totals almost \$50,000. \$20,000 has already been forwarded.

Los Angeles Fund of \$30,000 Grows
LOS ANGELES, March 31.—The flood relief fund here is now approximately \$30,000 and is constantly growing.

Seattle Sends \$10,101
SEATTLE, March 31.—\$10,101 were sent to the flood sufferers today.

IN CHILEAN SCHOOL
BOGOTA, Colombia, March 31.—Reports from the Chilean capital announce the entrance into the military academy of the Colombian officers, Majors Manuel A. Dausdebos and Alejandro Uribe and Lieutenants Gustavo Gomez and Eduardo Bonito.

PROLONGED QUAKE WAS RECORDED LAST NIGHT

WASHINGTON, March 31.—The Georgetown University seismograph today recorded a heavy earthquake lasting from 11 o'clock last night to 12:30. The seat of the quake is estimated to be 7000 miles distant.

ORANGE SHIPMENTS GROWING STEADILY

Orange County Fruit Meeting With Big Demand in Eastern Markets Because Of Frostless Reputation

There has been an increase in the shipment of citrus fruits during the past few days, and Orange county growers have been finding an improved market and demand for their fruit. The reputation sustained by Orange county fruit has been attracting new buyers; and the fact that this section is comparatively free from frost, is proving most beneficial. Reports from all sections that have been received at the Register office, indicate a better situation than appeared even a week ago when Orange county fruit was brought \$4.15 per box in New York City.

Only about a car of oranges daily is being shipped to the eastern market by Santa Ana, but other sections of the county are doing much better. Gowen & Willard averaged a carload every day last week, but none of the other local packers did anything. This firm estimates that it will ship only about fifty per cent of the quantity of navel oranges last season. Reports also show that Orange, Fullerton and Anaheim are making regular shipments.

Shipments Well Up
Shipments from Tustin Hills Fruit Association are keeping up fairly well, and the management estimates that it will ship about eighty per cent of last season's total. Since about the first of the month the Tustin Hills people have been sending an average of about one car daily. The management also reports a "very good market for good fruit, and also a good market for medium fruit, though it has been frozen a little."

Big Corona Shipments
Corona is at the present time shipping more fruit than any other county in Southern California. Sixty cars have been shipped during the past week, and indications are good for still heavier shipments.

Of this fruit the Queen Colony Fruit Exchange has shipped 52 cars, 39 of oranges and 13 of lemons. The National Orange Company has shipped 5 cars of oranges and 2 of lemons. The Sparr Fruit Company has not been shipping for a few days, but started again today.

Manager Harlow of the exchange stated to the Press representative that the indications for heavy shipments through April and well into May were good.

Pomona's Shipments
Several cars of good fruit are being shipped daily from the packing houses in the Pomona Valley. The shippers say they are receiving the best prices in the history of the industry. For a time following the cold spell, the market was so demoralized that prices on even the best grades of fruit were so low as not to warrant shipments.

Around San Dimas
Packing houses at Claremont, Lordsburg, San Dimas, Narod and Ontario have been packing fruit since the installation of the separating devices, and good prices are obtained.

Growers about Lordsburg had seventy carloads of oranges in the Pomona Valley ice company pre-cooling plant. It has all been sold very satisfactorily.

Some optimistic growers predict that the Lordsburg and Pomona Fruit Growers' exchange will receive nearly as much on shipments as was received last year.

Latest reports show that many more lemons are marketable than was at first anticipated. Some growers where the fruit was believed to be nearly a total loss are showing as much as 85 per cent good fruit.

AUSTRIA READY TO GO ON WAR PATH

Montenegro Seems Defiant; King Nicholas' Death Report Is False

LONDON, March 31.—Alarming dispatches from Vienna say that Austria is preparing to invade Montenegro if the latter continues the bombardment of Scutari. The dispatches also say that Austria has three army corps on the Herzegovina frontier ready to enter Montenegro the moment she learns that Montenegro does not intend to comply with her request to cease the bombardment.

The Montenegrin government has not replied to the note from the powers in regard to discontinuing the bombardment of Scutari and it is taken for granted everywhere in Montenegro that the siege will be continued. No one can see how the powers are going to enforce their demands of raising the siege.

KING OF MONTENEGRO IS NOT DEAD BUT IN GOOD HEALTH

There is no truth in the rumor that King Nicholas is dead. He is in excellent health. The big Serbian guns have been shelling the Ottoman positions on the plain before Scutari since Saturday. The Turks have been compelled to evacuate the entrenchments near the Kir river.

BANK OPENS AFTER 4 YEARS CLOSING

Greenfield, Mass., Savings Bank Gets on Feet; Ready to Pay All Depositors

AFTER HAVING BEEN CLOSED FOR four years the Greenfield Savings Bank is to open its doors tomorrow. The depositors have been notified and all who wish to may draw out the full amount of their deposits, together with a 3 per cent dividend and interest since last November. The savings bank commissioner closed the bank in February, 1909. The assets now amount to \$3,055,497 and the deposits, \$2,838,075.

400 MORE ACRES IN NEW ORANGE LAND

ORANGE, March 31.—G. B. Lancaster is setting 400 acres to oranges in the foothill section back of El Modena where there is a small valley which has never been utilized. He is using dynamite to break up the ground. It is believed that Lancaster's operations are the forerunner of the general development of that section, similar to the Lemon Heights district near Tustin.

MONEY KING'S DEATH IN ROME

J. Pierpont Morgan Died Shortly After Noon Today—End Came Peacefully

LONDON AND NEW YORK STOCK MARKETS STEADY

Flags on Wall Street at Half Mast; Money Probe Appearance Blamed for Death

(By Henry Wood, United Press Correspondent.)

ROME, March 31.—J. Pierpont Morgan, the noted American financier, died here at the Grand Hotel this afternoon at 12:05 o'clock. Announcement of his death was withheld until private cables had been sent to the Morgan offices in London and New York.

The end came peacefully for Mr. Morgan, the financier being unconscious for hours before. Morgan's daughter, Mrs. Herbert Satterlee, her husband, Mrs. Bastianelli, Starr and Dixon, and others of Mr. Morgan's party were at the bedside. Dr. Starr said the financier's death followed a collapse incidental to his recent appearance before the senatorial money probing committee at Washington. The end followed a week of critical illness, during which the patient was unconscious, the greater part of the time, and unable to eat. Morgan was fed by injection. When his system failed to assimilate this food, the doctors abandoned all hope. He had no severe illness and no pain, merely wasting away.

Morgan's critical condition was kept secret until Saturday when Mr. Satterlee admitted that it was grave. The Grand Hotel was besieged all day Sunday with tourists, citizens and reporters.

The last bulletin issued by Morgan's physicians stated that he was sinking rapidly, his pulse being 140, his respiration 48, and his temperature 104. When his death was announced, the hotel was overwhelmed by the crowds. Messengers from the King of Italy, the Pope and others brought messages of condolence. American Ambassador O'Brien called at the hotel.

Market Steady in London
LONDON, March 31.—All Morgan issues on the exchange opened slightly weaker today, but later recovered, and apparently there will be no reaction.

NEW YORK MARKET
FLURRIED BY MORGAN'S DEATH; NO GREAT LOSS

NEW YORK, March 31.—Flurries and fractional losses marked the stock market opening with intense excitement today, as the result of J. Pierpont Morgan's death, but there are no indications of serious losses.

A great crowd gathered at the Morgan offices here. The financier's death was announced at 9 o'clock, the following notice being posted: "This bank is closed on account of the death of J. Pierpont Morgan in Rome today."

It was also announced that J. P. Morgan, Jr., would not appear at the office today.

Confidence was expressed on all sides that Morgan's death will not seriously affect the stock market. Although much tension was felt, the opening failed to produce any sensations.

Flags on Wall Street are at half mast. It was announced that the stock exchange would remain open throughout the day. The Morgan banking house stated that hereafter the firm would confine itself to a strictly conservative banking policy, devoting little attention to speculation.

Henry Sells, the noted financier, an. a member of the Morgan firm, issued a statement blaming Morgan's appearance before the House money trust probe for hastening his end.

The Morgan firm today issued a statement that the financier's death will not cause any changes in the firm.

NEW YORK, March 31.—For the first time in its history the stock exchange suspended business while resolutions deploring J. Pierpont Morgan's death were adopted. The Wall Street Journal estimates Morgan's personal estate at a quarter of a billion dollars. Owing to the support extended by the banking interests Morgan's death did not seriously affect the market. A slight decline marked Union, Southern and Northern Pacific stocks; St. Paul, steel and smelting stocks. The bears were checked by a steady rise after the first decline. The market closed irregular with bonds steady.

SUPERVISORS MAY GET POWER TO AID STATE HIGHWAY

SACRAMENTO, March 31.—In a vote of forty-one to sixteen the assembly today passed the Chandler bill providing that by a vote of four-fifths, the county supervisors boards are empowered to donate rights of way, and other supplementary aid to the state highway fund on recommendation of the highway commission engineers.

DEMOCRATS INDORSE AND PASS RESOLUTION TOUCHING TARIFF

ARE EXPECTING TWO DEPUTY- SHIPS

Committee Asks Due Consideration Be Given Beets, Citrus Fruits and Walnuts

NOTHING IN IT AGAINST DOCTRINE

Only Sontest of Afternoon Was That Over the Huntington Beach Office

With everything indorsed up to date, the Democratic County Central Committee adjourned Saturday afternoon. The last official act of the meeting was the passage of a resolution urging that no action be taken in tariff revision that will damage the sugar beet, citrus fruit and walnut industries.

The tariff resolution was incidental. The real purpose of the meeting was for making indorsements for appointments to a number of federal positions. Some of the positions under consideration will not be vacated by the incumbents, who are Republicans, for eighteen months or two years yet, by which time there will be another Democratic County Central Committee elected. This is true of the post-offices, but may not be true of the deputyships for which recommendations were given.

ASK THAT NOTHING BE DONE TO HARM THEIR DEVELOPMENT

Resolution passed by the Democratic County Central Committee follows:
Whereas, in the process of tariff revision by Congress, the indicated tendency is toward an abolition of all duties on imported sugar; and

Whereas, such a policy would be calamitous to the cane and beet sugar industry of the nation at large, and especially to the beet sugar business of the state of California, which produces 165,000 tons per annum, or one-quarter of the beet sugar output of the United States; and

Whereas, the annual consumption of sugar in our country is now 3,500,000 tons per annum supplied, viz:
From domestic cane grown in Porto Rico, Louisiana and Sand-
wich Islands 1,100,000 tons
From beet sugar manufactured in sixteen states 650,000 tons

1,750,000 tons
the balance being purchased from foreign countries and refined by a few corporations on the Atlantic seaboard who are clamoring for "free sugar" in order that they may check the further invasion of their markets by the constantly growing beet sugar industry; and

Whereas, our nation's beet sugar output increased from 10,000 tons in 1897 to 650,000 tons in 1912—a rate of increase greater than can be shown in any country in Europe during an equal period of time; while our cane-producing districts have apparently reached the limit of their productivity; and

Whereas, this country should, and can, become self-supplying in the matter of sugar through the development of the beet sugar industry, now involving the use of only 450,000 acres of land against 274,000,000 acres adapted to the cultivation of the sugar beet; and

Whereas, the development of the industry is checked by the menace of a free sugar bill; and

Whereas, the citrus fruit and walnut industries of this county are of great importance, and their welfare is deeply concerned.

Now Therefore, be it resolved by the Democratic County Central Committee of Orange County, that the legislature of the State of California be asked to request the Senate and House of Representatives of Congress at Washington, and the President of the United States, that due regard be had, in the consideration of tariff revision, for the claims of the beet sugar, citrus fruit and walnut industries, which are so full of promise to our nation; and that no tariff policy be adopted which will destroy them or check the present rapid development.

Resolved, that a copy of these resolutions be forwarded to Senator Anderson and Representative Weisel to be presented to the state legislature, and to Wm. Kettner, Representative of the Eleventh District of California.

the committee, and that was for the indorsement for appointment as postmaster at Huntington Beach. It took three ballots to decide, and then it was close. T. C. H. DeLapp, a retired farmer, defeated D. G. Wettlin, attorney, by a close vote, 13 to 12, after C. W. Warner and C. S. Miles, had been eliminated by the low vote method. Postmaster Clippinger, who has the job now, has eighteen months more of his term before him.

C. D. Overshiner's indorsement for appointment for the Santa Ana postmaster's position was unanimous, and similar action was taken in favor of Orange. If these men have opposition, it did not show up at the meeting. It is reported that a Democrat named Moore of Orange wants the job, but is in the east at present. If he had any show it got a body blow Saturday. The Orange justice showed up with heavy backing by the central committeemen of his section, and the indorsement was handed out in quick order.

F. W. Grumm of Orange, a tall man with a gray pointed beard, applied for the indorsement of the committee. He stated in his communication that he desired to apply for a consular position, just what nor where was not mentioned. The indorsement was given. Grumm was called upon for a speech. He said that years ago he mixed in politics a good deal, at one time being assistant secretary of state of Wisconsin, and had intended to give up politics, but lately some of his friends had urged him to seek a position, and he had acceded to their desires.

Chairman Head stated that it is reported that the powers that be have concluded to name the United States district attorney from Los Angeles, with one deputy from each of the three counties, Orange, Riverside and San Bernardino.

"That being the case," said the chairman, "we are pretty sure of getting whoever we recommend appointed as a deputy United States district attorney."

D. G. Wettlin of Huntington Beach moved that the indorsement be extended to Attorney B. E. Tarver of Santa Ana, who Wettlin said is the original Wilson man of the county seat. Wettlin's motion carried vigorously.

Frank Sorenson of Huntington Beach, constable of that township and formerly city marshal of the city by the sounding sea, was given unanimous indorsement for appointment as deputy United States marshal.

"I understand," said Chairman Head, "that it has been decided to name the United States marshal from Fresno, and that our chances are good for getting a deputy."

Laid on Table
Chairman Head stated that J. A. Hankey of Bakersfield, formerly a Santa Ana man, had written to him asking him to present Hankey's request for indorsement for receiver of the land office. Several members of the committee expressed themselves as being of the opinion that since they have no idea of what Hankey's chances are and do not know but that an indorsement might be for one who may have no chance whatever, it would weaken their other indorsements to extend one to Hankey. That was the consensus of opinion, and the vote of the committee was to lay the matter on the table.

Louis Paul Hart, editor of the Huntington Beach News, presented a resolution on the tariff. He stated that it was not in violation of Democratic principles. As read by him, the resolution touched only upon the sugar beet industry, and was addressed to

the state legislature, asking that body to request congress to give the industry due consideration in the revision of the tariff and to take no action that will damage the industry.

S. R. Jumper of Newport Beach said he thought the committee at a former meeting tabled a resolution on the tariff. The reply to Jumper was that the former resolution proposed to indorse high tariff, while this one avoids such a proposal. S. H. Finley of Santa Ana moved the adoption of the resolution offered by Hart.

J. A. Turner, stating that he did not know whether or not he had a right to talk at the meeting as he had registered as an independent, urged the committee to pass the resolution and include citrus fruits. Fred Ahlborn of Anaheim offered an amendment, to include citrus fruits and walnuts, which amendment was accepted. W. T. Newland of Huntington Beach and George Reyburn of Garden Grove favored passing the resolution, and when the resolution came to a vote it passed without a dissenting vote.

OIL WELL IS NEARLY ONE MILE IN DEPTH

FULLERTON, March 31.—The Standard Oil Company on Coyote lease No. 1 near Fullerton is still drilling well No. 1, which has now reached the depth of something over 4725 feet. The 4½-inch casing is still being carried, and the prospects are good that this hole will be put down to 5000 feet or more to thoroughly test this locality unless the hoped-for light oil should be encountered at shallower depth. On lease No. 2, well No. 1 is down over 2700 feet, the ten-inch casing having been landed at about that depth and the cable tools substituted for the rotary. Well No. 2 on this lease is now drilling, the rotary having been transferred from well No. 1 and started last Sunday.

GERMAN LUTHERAN
CHURCH DEDICATED

ANAHEIM, March 31.—The cornerstone for the German Evangelical church was laid yesterday, Rev. August Huelster of Santa Ana conducting the service. The edifice will cost about \$8000 and will be one of the handsomest church homes in the city. Sixty-five hundred dollars of the money has been subscribed, the congregation only a few weeks ago having decided to build.

PROBLEMS ARISE WITH BRIDGE COMPLETION

County May Have to Go to Law to Collect From Los Angeles Company

COST OF STRUCTURE MORE THAN \$28,300

Original Bidder Who Secured the Contract Defaulted at the Outset

With the completion of the new county bridge over the Santa Ana river just beyond the termination of Fifth street and the west city limits, some very interesting facts are coming to light with the probability that the entire work be reviewed in the superior court before everything is satisfactorily settled.

County Auditor Lester has figured up that he has issued warrants on this work by direction of the county supervisors, that aggregated up to this morning exactly \$28,300.36. There are probably a few more bills to be heard from but it is believed by the auditor that these will be inside of \$100.

Approximately the cost of the new structure is \$28,400, while the original bidder, R. L. Hogue of Los Angeles, had figured that he could erect it for \$18,130 or thereabouts. The contract was awarded to Hogue by the supervisors, and a Los Angeles guaranty and surety company was accepted on his bond for the faithful performance of contract. After these preliminaries but before actual construction was begun, Hogue decided that he had bid too low on the job and declined to proceed. His bondsmen endeavored to have the supervisors release them from the bond and its attendant obligations, but to no avail.

After several conferences and an investigation of the legal phases of the situation, the supervisors decided to go ahead with the work under the day labor plan. The Young Construction company appeared on the scene and was willing to go ahead with operations under such an arrangement. Construction proceeded forthwith and today the county auditor completes the counting of the amount paid out by the county for the bridge.

Now comes the question of whether the county will have to meet the full cost of the construction or whether the Los Angeles surety company concerned will have to bear some of it. Deputy District Attorney Koepsel is of the opinion that at least one-fourth of the \$18,300 bid of Hogue's can be collected, and he has strong hopes of collecting the full amount. County surveyor McBride says that if the one-fourth of the \$18,300 bid is collected the county will certainly have a splendid bridge at better than actual cost.

50 BLOWS FALL UPON YOUNG HUSBAND

Irate Father-in-Law Wields a Horse Whip Vigorously and Effectively

ANOTHER WOMAN FIGURES IN CASE

Pretended Reconciliation Attempt Brings Most Sensational Development

OAKLAND, March 31.—Fred C. Bandamar, a salesman, was horse-whipped by his father-in-law, Theodore Fenn, a building contractor, in the Fenn home at 749 Sixty-first street, because of his alleged unfaithfulness to his young wife. The whipping occurred Thursday and the chastisement consisted of 50 blows with a long whip, according to Fenn's version. The toe of the boot was then administered and Bandamar ejected from the house. The bride was present during the affray.

The trouble which culminated in the whipping has been brewing since the marriage of the couple last October. Miss Juliet Fenn was well known in the younger social set at the time of her marriage to Bandamar.

Their bliss was short, according to accounts given today. In the month following their wedding Mrs. Bandamar left her husband and returned to the home of her parents. That Bandamar ran up heavy debts and that he paid attention to other women were among the accusations made by the pretty bride.

Charges Elopement Plan
Bandamar went to Los Angeles several months ago in search of employment and while there is said to have tried to become overfriendly with Mrs. F. T. Hardt, South Los Angeles street. Fenn said today that he had letters from this woman, who asserted that Bandamar attempted to elope with her, but that she had repulsed him.

Upon his return to this city Bandamar made attempts to bring about a reconciliation between himself and his wife. His advances were received coldly by the young woman and were frowned upon by the father. Nothing serious developed, however, until the alleged positive proof of Bandamar's actions in the south came to light through the letter.

Last night the youth called upon the Fenn house and asked to be allowed to call. Glad of an opportunity to chastise his son-in-law, Fenn granted the request and prepared for his coming.

When Bandamar arrived he was greeted by blows from the whip after Fenn had explained the cause for the whipping.

Husband Thrown Out of House
"You have gone as far as you can in this matter," said Fenn to Bandamar, "and I propose to punish you right now." Whereupon Fenn fell upon Bandamar and lashed him, despite Bandamar's plea for mercy. Fenn then threw him out of the house.

Since his return from the south, Bandamar has been staying with his brother, A. A. Bandamar, 933 Arlington street. Following the row, he returned there for the night and departed this morning, saying he was going out to look for work. He also intimated that he would leave town, and it is believed that this is what he has done, as he did not again put in an appearance at his brother's house. Fenn warned him to leave town and make no more advances toward a reconciliation.

No warrant has been sworn out for the arrest of Fenn, and Fenn believes that Bandamar will be content to close the incident.

CROWDED HOUSES AT THE BELL THEATER

There was but standing room only at the Bell theater Saturday and last night when Bobby Hazel Comedy Co. with Helen Drew presented their Tabloid comedies. Dainty Helen Drew scored many hits with her delightful songs. The Store Girl is indeed a clever piece of work, and Hitchy Koo was enthusiastically received. Ralph Crawford played his part well and his musical numbers received several encores. Bobby Hazel is a comedian whose humor is spontaneous and who keeps a laugh going all the time. He gets the good will of his audience from the start and more than makes good. The manager of the Bell, Dr. A. M. Roberts, has held the company over for another week. Mr. Hazel will change the bills four times during the week and has engaged Geo. H. McCormick to play opposite comedy to him. If you did not see the show at the Bell last week don't miss it this week. The bill tonight is entitled "Muldoon's Picnic."

FULLERTON WINS THE TRIANGLE HONORS

Enthusiastic and Interesting Track Meet Held Last Saturday Afternoon

The athletic championship of the members of the Triangle League attending the schools of Fullerton, Anaheim, Placentia, Laora, La Habra, etc. was won Saturday afternoon by the Fullerton school, the meet being held at the Y.M.C.A. grounds in Fullerton under the auspices of the Association. The score of Fullerton was 102, of Anaheim 86, of Laora 21, of La Habra 20 and of Placentia 1. About 65 boys took part in the meet, and as these were divided by weight into five groups, boys competing only against those weighing within a few pounds of their weight, it made it so that the honors were well distributed, 32 boys winning ribbons.

The meet was under the direction of the county secretary of the Y.M.C.A., Mr. R. J. Hamilton, and the following were among those who assisted: Glenn Crandall, Edson Gobart, Mr. Goodale, S. C. Hartranft, Wm. Starouck, R. S. Gregory, C. W. Crandall, Foster Chambers, J. R. Parker, Lloyd Fuller, Mr. King, Floyd Geyer, Ernest Deffner, C. R. Allen, etc.

The winners of the events in the unlimited weight class, all over 125 pounds, were as follows: 100-yard dash, Smith, Webb, French, Smith; running broad jump, Smith, French, Osborne; shot put, Webb, Smith, Schumaker; baseball throw, Smith, Schumaker, Webb; high jump, Webb, Smith, French.

In the 111 to 125 pound class the winners were: In the 100-yard dash, Cavanagh, Snyder, Dychman; standing broad jump, Snyder, Cavanagh, Dychman; running broad jump, Snyder, Cavanagh, Charleston; shot put, Cavanagh, Dychman, Charleston; baseball throw, Dychman, Cavanagh, Charleston; high jump, Cavanagh, Snyder, Wiens.

In the 96 to 110 pound class the winners were: In the 100-yard dash, A. Ellis, Clabagh, Hale; standing broad jump, Morris, Elliott, Mendotti; running broad jump, Ellis, Elliott, Clabagh; baseball throw, Clabagh, Cordes, Mendotti; in the high jump, Ellis, Smith, Mendotti.

In the 81 to 95 pound class the winners were: In the 75-yard dash, Proud, D. Ellis, Munger; standing broad jump, Ellis, Wolsey, Proud; running broad jump, Munger, Ellis, Schreyer; baseball throw, Proud, Ellis, Schreyer.

In the 60 to 80 pound class, the winners were: In the 50-yard dash, Goodale, Evans, Cotter; standing broad jump, Sorsabel, Evans, Morris; running broad jump, Sorsabel, Evans, Munger; baseball throw, Sorsabel, Evans, Fricker.

In the relay race, Fullerton came first, Anaheim second, and La Habra third.

The above named boys received ribbons and a beautiful banner was presented to the Fullerton school as the winner of the meet. The next event to which the boys will be looking forward to is the championship in the class athletic runs, which are to be held in the school yards, and the average records set in before the 15th of April. Five banners are to be awarded for these events. The big day of the year, however, is the final meet for the whole county, which is to be held at Santa Ana, Mar. 10. In the morning the spelling contests are to be held for the championship of the seventh and eighth grades, and in the afternoon the athletics will be conducted. Girls are also to have an opportunity to give an exhibition of school yard games and athletics.

The Triangle League now has 1800 members in the county, all of whom have signed the agreement not to use tobacco or liquor, and to discourage the use of profanity and bad language. Splendid testimonies are being given as to the value of the league in many ways.

We have added an exceptionally nice lot of new patterns of Body Brussels and Axminster to our line of carpets. We would be pleased to show you this new line. Horton-Spurgeon Furniture Co.

SPORTSMEN ARE ANXIOUS FOR APRIL 1

Baseball and Trout Seasons Will Open Hereabouts on Tuesday

SANTA ANANS READY FOR FISHING TRIPS

Many Famous Places Where the Local Izaak Waltons Are Going to Hike

(By Victor Walker.)
Tuesday, April 1, the red letter day of the year for many sportsmen, is at hand, and everywhere in the southland where sportsmen gather is the busy buzz or eager expectancy, for this calendar day ushers in the baseball and trout seasons, the glorious harbingers of a beautiful California spring.

Woe is he whose business grind keeps him at the wheel on this day of days, for the crack of ash on the horsehide calls; and the song of the trout, streams, pulsing with the new life of spring, is in the air. Visions of shady pools and sunlit ripples abounding in speckled trout and memories of a full creel and a great day's sport crowd in where business demands its rights.

Orange country streams, well stocked and carefully protected, are full of trout, and will furnish many a limit catch to the expert fisherman, whose skill and experience will teach him how to go perfectly equipped. The impression that a hook and line and a willingness to hike a stream is all that is necessary to get fish is entirely wrong, for trout fishing is a science and the best fishermen are the best students of trout and their habits.

We have four good streams, three being easily accessible to automobiles and a day's outing means a day's good fishing, while the fourth requires more time and the party must pack in. Silverado, Trabuco and San Juan are the most popular streams, as they are easily reached.

The San Mateo furnishes the best fishing, but this stream is closed to the public, and permission must be had to go to the upper waters. Carelessness of fishing parties in looking after camp-fires and closing gates are the only objections to the stream being opened to the public, but as is usually the case, the general public must suffer for the carelessness of a few selfish and irresponsible parties.

The Modjeska ranch in the Silverado is another good locality closed to the public, but it is the intention of the owners to open this ranch to sportsmen in the near future. We have been promised more information on the company's intentions early in the month.

Last year Hill & Walker, the sporting goods dealers, conducted a bureau of information on surf and deep sea fishing. The bureau was a big success and many sportsmen were able, through its efficiency, to secure the best fishing without the disappointments of prospecting trips. This year trout streams will be added, and Mr. Hill, who is an expert angler and fishes all the near-by streams, will look to the needs of the trout fishermen. The value of the fishing bureau is now well recognized in the larger cities and what was started in Santa Ana last year has been copied and put into operation in Los Angeles.

Here are a few parties who will try their favorite streams on the opening day:

C. D. Wagner of the Fairbanks Morse Co., K. V. Bemis, J. G. Strodt-hoff, H. C. Lawrence of Los Alamitos Sugar Co., and J. H. Perduyn of the Anaheim Sugar Co., will be guests of the Kenogheim's ranch on the Malabeau.

Wm. Jeffrey and Burr Wilson will try Trabuco. Dr. Wm. Flood will lead another party to the same stream.

Ed. Larter and Jeff Lewis will spend a few days above the San Juan Hot Springs, where they are familiar with every ripple and trout pool.

P. S. Luther and C. A. Leiby will fish in the Trabuco.

W. D. Junkin, Dr. Prentiss and C. W. McKen will try their luck on Deep Creek.

C. W. Baker of Los Angeles and E. S. Baker of this city will spend a few days at San Juan Hot Springs.

O. H. Smith will try the Silverado in the Modjeska ranch.

W. Wakeham and T. Young will spend a week at the Hot Springs.

Dr. M. A. Atton, Clare Johnson and James Harding will try their skill above the Hot Springs.

Wm. Smith and T. M. Hill will spend the opening day above the Hot Springs.

COLORED AND COLLARED IS THIS INDIVIDUAL

Pleas North is the way he gives and spells his name. He is colored, looks strong and husky, has good appetite and sleeps well but isn't well broken to work. Shies at mention of manual labor and is disposed to be obstreperous when the police insist upon his either going to work or going to jail. He wishes a third opportunity as he is in favor of going as his inclination beckons and mooching his way along. He was released from the county jail after a thirty days' sentence recently, but he's back again on the same old charge—vagrancy.

INTELLIGENCE LEAGUE
LEEDS, Eng., March 29.—The Colonial Intelligence league, for educated women, has had a progressive year. The object of the league is the maintenance of an intelligence office, which shall estimate the demand for women's work in the overseas dominions, and bring it into touch with the supply in Great Britain.

BANK DEPOSITS DECLINE
COLUMBUS, March 31.—Deposits in Ohio banks fell off approximately \$3,000,000, according to the report of the state bank examiner, showing the condition of state banks as of Feb. 4, in comparison with the last previous statement which was issued on Nov. 26, 1912.

CANDIDATES FOR TRUSTEES OF SCHOOLS

Interest Growing In Campaign For Vacancies on the Orange Board

ORANGE, March 31.—Two school elections are set for Friday, April 4, in this district. The Orange Union High School district will elect two directors at large, and the Orange grammar school district will elect one director.

On the high school board the terms of G. C. Woods and R. W. Jones expire. It is stated that both will stand for re-election, feeling that since so much important work is before the high school board in the construction of new buildings, they should, if the public desires, continue with the work which they have assisted in getting under way.

There has been no other candidates announced for places on the board, and since the services of both gentlemen have been eminently satisfactory, it appears improbable that there will be any contest at the coming election. The terms of office of the new directors will be three years each.

On the grammar school board one place is to be filled by the election of a director for three years. W. D. Granger is the man whose term expires and he has announced that he is not a candidate for re-election, although he is being urged to stand for re-election.

In town the polls open at 8 a.m. and remain open until sundown. The election place is the Glassell street school and the officials are S. Armor, G. D. Toothaker and J. L. Knesel.

GOOD OLD DOG BUT POISONER GOT HIM

Sport is dead. Somebody who is nobody poisoned Sport, for nobody but a nobody would feed death-dealing food to a harmless, healthy animal of any kind. Sport was the personal property and canine pet of Miss Helen Cramer, deputy county auditor, and his home was at Orange. Everybody knew Sport, and while he did not brag of any antique pedigree, he knew right from wrong; and friend from foe and he was all to the good as a faithful watch dog and interesting companion. Who the poisoner was is not actually known, but strong suspicion is entertained and there may be another chapter to be added to the unexpected and unforeseen murder of Sport.

Former Santa Ana Is Now Located At Phoenix, in Land Business

—Wm. Besser, formerly of Santa Ana, writes that he is now located permanently at Phoenix, Arizona, where he has associated himself with the Arizona Irrigated Land Co., and invites all his old friends of Santa Ana and Orange county to make his office their headquarters when in Phoenix. Mr. Besser writes that he has already purchased a large tract of land himself and sees so many former Santa Ana and Orange county people on the streets of Phoenix that he feels thoroughly at home.—Adv.

I Cure PILES

Fistula and All Rectal Diseases WITHOUT AN OPERATION

I Guarantee to Cure Every Case I Accept for Treatment.
For twenty-five years I have been curing diseases of the rectum and lower bowel. During that time my experience as hospital and railroad surgeon, as college lecturer and professor, has enabled me to develop a method that is superior to all others. I cure without surgery and my patients are never confined in bed and never lose a moment's time from their business.

With my method I absorb pile tumors by medication, applied (or driven in) by a mild electric current. The piles are absorbed in a few treatments, leaving the rectum in a healthy, normal condition. There is no danger, no bad after effects and no pain or soreness.

My method is not a "home cure" or a "correspondence treatment," but it is an application of skilled treatment administered by me in my office.

If you are a sufferer from rectal trouble, I invite you to investigate my method thoroughly by talking or writing to any of my cured patients. If you will call at my office I will be pleased to give you the names and addresses of many well-known Los Angeles people I have cured, whom you may interview in regard to my treatment.

I TREAT NO DISEASES EXCEPT THOSE OF THE RECTUM AND BOWELS.

WELL KNOWN DENTIST CURED
For twenty years I suffered with a severe rectal trouble which was caused by being almost constantly on my feet. The pain from this affliction has at times incapacitated me from professional duties. Dr. C. H. White, with his solvent method, has entirely cured me and I am as well as I ever was in my life. I desire to say to all sufferers that Dr. White is a skillful physician and is doing grand good work for humanity in the curing of diseases of the lower bowel.

PROMINENT SANTA MONICA MINISTER CURED
This is to certify that Dr. C. H. White has cured me of a distressing hemorrhoidal ailment of 25 years duration. His method of treatment is effective but not severe. He has the appliances—the knowledge and skill born of many years of specializing in this fruitful source of physical distress. He accomplishes all he claims in his advertising and at reasonable expense. I take pleasure in heartily commending the man and his methods.

March 15, 1913. **WESLEY K. BEANS,**
Pastor First Methodist Episcopal Church, Santa Monica, Cal.

SANTA ANA MAN CURED
Dr. White cured me of protruding and ulcerating piles from which I have suffered for years. The cure was rapid and practically painless. I am highly pleased with this absorbent and dissolvent method of cure.

THE PROGRESSIVE SPLIT IN LOS ANGELES

The Register has been asked verbally and by letter as to the merits of the controversy between Editor Earl of the Tribune and Express on the one hand and Messrs. Lissner, Avery and Stimson on the other.

At this time the Register does not feel authorized or competent to pass judgment on this controversy. It's strong conviction is that both sides to the controversy are honest and sincere, and that it is regrettable that Mr. Earl does not give the men he attacks credit for right motives.

However, it can be said in support or extenuation of Mr. Earl's position, that Los Angeles cannot be too vigilant or aggressive in defense of her great harbor and aqueduct interests. On the other hand, any sincere attempt on the part of Messrs. Lissner, Avery and Stimson to get the citizens together in a campaign against the aggression of socialism is to be commended.

The whole situation is difficult and unfortunate. "Big business" has no business having such immense financial interest, through real estate and power enterprises, in the aqueduct and harbor. But for this condition, which is notorious, a get-together movement would not be subject to suspicion. Even if the Progressive leaders are sincere and are actuated by purely patriotic motives—as we believe they are—it cannot be denied that in forming alliance with "big business" they are in danger of being hood-winked, deceived and destroyed.

Let us hope that the reactionaries of Los Angeles are not as mercenary as they are usually accredited with being, and that in this matter they are truly patriotic—that their ostensible purpose in allying themselves with the Progressives is their real purpose—the protection and promotion of the best interests of the city.

THE SCHEME THAT FAILED

The campaign to discredit the Progressive legislature, in the faint hope of restoring, two years hence, conditions at Sacramento that prevailed under the former political regime, is going on the rocks. The lawmakers are now at the enacting stage and steady purpose rules. Whatever there has been in the way of freakish proposals such as are incident to all legislatures, is left unnoticed on the files.

These attacks on the Progressive administration have called forth a spirited reply from Chester H. Rowell in the Fresno Republican—an editorial that must be accorded a high place in the political literature of the state. Rowell addresses himself to the San Francisco Chronicle and his theme is, "Nobody has a right to lie about anybody, as the Chronicle does about the legislature."

Editor Rowell writes as follows, in part:

"The Chronicle classifies the proposed inequities of the legislature practically into extravagance, vicious legislation, and 'tom fool bills.'"

The "extravagance consists in high-salaried commissions and wholesale appropriations." The truth is that this is the first legislature in the history of the state which will have no high-salaried commissions, and practically no salaries or commissions at all, to its credit or discredit. The chief achievement of this legislature, in the matter of commissions, will doubtless be to consolidate, and thereby reduce the expense of the existing commissions.

As to appropriations, they are in charge of a committee of which W. F. Chandler, of Fresno, is chairman. Fresno people who know Mr. Chandler will be interested in the description of him as a "harum-scarum youth and lunatic spendthrift."

The "vicious bills" are the following, every one of which the Chronicle lies about in its description:

Mothers' pension; old-age pension; minimum wage; 8-hour law; "blue-sky" law; women's compensation act.

Of these, the old-age problem will not pass this time, though California will not really be civilized until it does. The 8-hour law, as enacted, will carefully safeguard the real needs of the fruit industry. It will not limit hours in the actual fruit harvest on the farms, and probably not during the rush season in canneries and fresh fruit packing houses. To the minimum wage bill nobody is objecting except the San Francisco Labor Council.

There is, however, a real risk that the legislature will be so conservative as to postpone action until next session, and for this time merely authorize the appointment of an unsalaried commission to investigate the question. As to these bills in general, anyone who decries them as either vicious or foolish is thereby simply announcing his ignorance of the enlightened opinion of the civilized world.

The following tom-fool bills are enumerated:

Regulating school dresses; Sunday law; recall of decisions; paying candidates' expenses; fines for not voting; pure paint law; school of social science separate from the university; "high-salaried" welfare commission; investigate wages; remove property qualification of jurors; industrial courts; recall appointive officers; regulate newspapers; dissolve trusts.

Most of these bills will not pass, though it would be a good and sensible thing if many of them did. And the Chronicle lies about all of them. The "high-salaried" commission is to serve without pay. The school dress law has already been shelved; but Senator Birdsall, who introduced it, is as far from a lunatic as could well be imagined.

The proposed social science school will probably not be established, but the bill, as reported from committee, puts it in and not separate from the university. The proposed anti-trust law will probably also not pass, though the "greedy, hateful and unscrupulous" influence behind it is no other than the attorney-general of the state, and its policy is the exact policy of the Taft administration in national affairs. The Sunday law will scarcely be adopted in California, though every other state in the Union has it. Several of the others are foredoomed to defeat. But how many of them strike the thoughtful reader, as they do the Chronicle, as lunatic? Probably not more than two or three, and these the ones already discarded.

This is refutation in detail of accusations which scarcely deserve such careful treatment. The fact is that the only crazy feature of the whole matter is the Chronicle's persistent hallucination. And we do not credit the Chronicle with so good an excuse as that. It is not deluded. It is lying, to deceive its readers. Its purpose is not to defeat measures, but to discredit men. It is after the Progressive administration, and this is its weapon.

LOS ANGELES "PROGRESSIVES" HAVE DIFFERENCES OF OPINION

By A Contributor

An interesting political situation has arisen in Los Angeles because certain Progressive leaders have found themselves differing over what is the best course of action to pursue in facing and solving municipal questions that have been developed through the recent adoption of a new city charter. A new roster of city officials is to be chosen shortly, and as Mayor Alexander has declined to again be a candidate, the question of his successor has become the paramount issue, not simply because of his refusal to make the race, but because there is a growing fear that the Socialist party may secure control of the southern metropolis.

It is less than two years since Los Angeles had the fright of its life in local political affairs, for the Socialists had shown such strength at the polls that there was substantial reason for believing that they might be victors at the ensuing municipal election. So real was the danger that a coalition of all the warring factions in the republican and democratic ranks was brought about to defeat a common enemy. The Express and Times, Earl and Otis, were for once fighting side by side with Hearst and the Examiner crew. Of all the Los Angeles dailies only the Evening Record had a good word to say for the Socialist ticket. And at that the Socialists came mighty high winning.

Much the same situation exists today, except that the Progressive leaders have fallen out. Editor Earl of the Express and Tribune is denouncing Meyer Lissner, Marshall Stimson and Russ Avery, three of the most prominent Progressive leaders in California, and charging them with conspiring with the "Old Guard" or "Standpat" Republicans, and "machine" Democrats, and all interests that are, justly or unjustly, suspected if not openly charged with being inimical to the welfare of the city and its splendid advancement in civic righteousness, moral uplift and material achievement.

It is a regrettable state of affairs, and one that will be deplored by all good citizens and especially by the active workers for good government, both in and out of Los Angeles. Earl has rendered yeoman service in the fight against corporation domination of not only Los Angeles, but of the state of California. Through his newspapers he has been a power for good; and it can be fairly said that he has fought aggressively, and effectively for high ideals in our public life. Through his newspapers he has been a power for good in his home city. On the other hand, the motives of men like Lissner, Stimson and Avery are not to be lightly questioned. They have proven their loyalty to the cause of the people in many battles. They, too, have always been in the forefront of battle for better conditions in public life, for better men in public office, for better service for the people.

That there should be serious differences of opinion between the owner of the Tribune and Express and these three veteran leaders in the struggle for good government is rather difficult to understand. They have for years fought together. There has been a common purpose. Heretofore they have worked in evident harmony. No serious differences ever confronted them. But now they are confronted

at loggerheads. Editor Earl charges that the bauble of office—the mayoralty—has led Lissner to join forces with the corporations and financial interests that would control Los Angeles for selfish gain. Lissner, Stimson and Avery declare they have no other purpose in view but the cementing of all opposition to Socialism under one banner, so that the defeat of the Socialists at the coming municipal election shall be assured.

It would seem at this distance that all open-minded citizens, imbued only with the desire of insuring good government, could get together on common ground in such a crisis. But not so. Editor Earl refuses to accept the explanation offered by his former political associates. He insists that the present plans for a combination of all interests to combat the Socialists are fostered by the ambition of the First National Bank and allied corporation interests to assume the management of public affairs in Los Angeles, and especially the control of the famous Owens River Aqueduct and the vast possibilities that will come with its completion. Men prominent in the business life of Los Angeles who have been identified with Southern Pacific and other corporation influences in Los Angeles, are associated both directly and indirectly with the First National Bank. That their influence is necessarily against the interests of the people is not to be accepted off-hand as correct or true. The contrary might just as readily be the case; but it must be conceded that Editor Earl has long been on the ground; that he has long participated in the struggle with bankers and corporations to prevent the absolute domination of public affairs by such individuals and associations; and that probably he knows the exigencies of the situation as well as any man.

What the end will be no man can foresee. Earl is a fighter; so are Lissner, Stimson and Avery. And Lissner is as wise and as shrewd a politician as the state may boast. That he is animated by any sinister purpose in his endeavors to bring about a harmonious opposition to Socialism in Los Angeles cannot be unreservedly accepted. Nor will such a charge against his two associates mentioned in this connection be readily believed to be true. If their statement is correct they would seem to stand upon impregnable ground. And yet there looms the shadow of selfish, dominating, merciless control by interests as charged by Earl. And it has long been an axiom in politics that big financial interests frequently work in insidious ways their purposes to achieve.

In the meantime, the Times is gloating over the alleged discomfiture of Earl—alleged by the Times—and with the Examiner is endeavoring to make capital for "the common cause" with the names of the three Progressives whom hitherto it has lambasted most unmercifully in both cartoon and written articles. At least it must be admitted that Lissner, Avery and Stimson are in bad company.

Dr. C. M. Sheldon, author of "In His Footsteps," says: "A Christian is a man who loves people he doesn't like." There are fewer Christians around now than before we heard this.

City Surveyor Finley, while at Panama viewing the big canal, heard of a woman who had five husbands and at the death of each she had the body cremated. And on the same trip the colonel heard of a young woman who complained about the case, saying with evident bitterness of feeling that she didn't think it was fair that she had wasted so many years looking for a husband while another woman had them to burn.

Sometimes it isn't easy to decide whether it is Opportunity or somebody else that is knocking.

If you would enjoy of Nature's richest bounty you would suggest your coming to Orange county.

No section responded more promptly or more generously to the appeal for aid for the flood and fire sufferers in the stricken eastern states than did this county.

Mexico's revolution has been taken out of continuous vaudeville and turned into persistent tragedy.

Well, the extra session of congress is only a few days away, and soon we will know whether or not the Democrats are going to live up to their reputation of doing the wrong thing at the right time.

Los Angeles is about to hold another election. It's a lonely month in the southern metropolis when the men and women there aren't called out to save the municipality from grief, grafters and grotesque gargoyles of grouch.

Notwithstanding the jibes and misrepresentations of a hostile press, the Progressive legislature in session at Sacramento is making a splendid record for itself, and the best proof of this statement may be found in the embittered criticisms of the subsidized publications of all degrees.

With a wild Injun chief and a wilder buffalo bull going around with it, the new nickel ought to go some.

The public dance hall isn't always as harmless as it might be supposed, and that's the reason most of them look better closed.

Which we rise to remark, that for vays that are dark, the vile white slavers have nothing on the heathen Chinese.

Now that Orange county Democrats have appointed themselves a share of the big federal pie, it will be interesting to watch and see whether they are even invited to the party dinner.

Secretary Lane of the interior department is announced as an Independent Democrat. What with the Progressive Democrat, Standpat Democrat, Good Government Democrat, Andrew Jackson Democrat, Thomas Jefferson Democrat, Bryan Democrat, California Democrat, Bad Democrat and Santa Ana Democrat all willing to help the saving of the nation even to the extent of holding office, we should expect some recognition to the "I-Should-Worry" Democrat who is somewhat in evidence these enchanting spring days.

Doings In Social and Club Circles

DRAMA LEAGUE IS PLANNED

Movement Discussed for Starting Branch of American Society for Improved Drama

The matter of organizing a section of the Drama League of America in Santa Ana has been under consideration for several months by some of the leading club women of the city. Owing to the difficulty in getting data as to the object of the organization, and information relative to the manner of procedure, the work has been delayed.

The recent coming to Santa Ana of Dr. S. H. Clark of the Chicago University, who was one of the organizers of the Dramatic League, and is now a member of the board of directors, has given an impetus to the movement and now it is the purpose of those in charge to push the matter to completion.

Dr. Clark presented the object and work of the Drama League to a very enthusiastic body of club women at Symphony hall, Los Angeles, Friday afternoon of last week. The meeting was under the auspices of the Los Angeles section.

The General Curator, Mrs. A. J. Lawton, of the Santa Ana Ebells attended the meeting and after personally talking with Dr. Clark and hearing of the splendid work the Drama League has done in the two and one-half years since the organization was started, returned home fully convinced that such an organization in Santa Ana, if the work could be taken up and carried on to its full intent and purpose, would be a stimulus towards the improvement of the dramatic offerings brought to the city.

The league idea is, briefly stated, "to crowd out vicious plays by attending and commanding good plays and building up audiences for them through study classes, reading circles and lectures; to aid in the restoration of the drama to its honorable place as the most intimate, most democratic medium for the self-expression of the people."

"It is the banding together of all the forces already working for better drama, a welding together into one united whole that shall control the situation in support of better plays."

A Successful Social

The King's Heralds and Young Women's Missionary Society of the First Methodist church was a delightful success and deserves more than the brief notice which the Register was able to give it in Saturday's edition.

About 200 people enjoyed the affair and admired the effective decorations of the church which was accomplished by the employment of red and yellow flowers and crepe paper. One of the large class rooms was the mecca of an interested crowd, Chinese curios in abundance being the attraction. The Chinese idea was carried out in both costumes of the children taking part in the program and in the refreshments which consisted of rice with broth, rice cakes and tea. A liberal offering was the very gratifying result of the social.

The program included interesting numbers of music and recitations besides hymns sung by the audience. Prayer by Rev. Mr. Inwood was succeeded by "The Lord's Prayer," chanted by the King's Heralds.

A solo with chorus by the King's Heralds, was sung by Bessie Bowers; Donna and Kenneth Horton played a piano and violin duet; Violet Wiesseman recited Ling Fei; Rev. Mr. Lee and Mrs. Tooney sang a vocal duet; a scene in a Peking school was given by six young ladies, and Chinese pictures were shown by Carol Wiesseman; Margaret McElree sang "Only a Baby Girl," and a Chinese game was given by seven girls. Eight boys sang "I Am Going to Try," and Miss Naomi Lilly gave two enjoyable readings. Mrs. V. R. Coleman pleasantly rendered a solo and the generous offering was taken.

The argument for the Rose Maiden, to be presented at Elks' Hall tomorrow night is as follows:

The queen of the Flower Fairies, weary of a life of unbroken calm, prays of the newly returned spring that he will bestow upon her also the gift of love that he bestows upon

EBELL ENJOYED PROGRAM

Hundreds Heard Bessie Chapin Trio on Saturday; Delegates For Two Conventions

Several hundred women—Ebells members and their guests—crowded Elks' hall Saturday afternoon to enjoy the delightful musical program that had been prepared for them.

The meeting was presided over by the president, Mrs. Samuel W. Nau. Several important business matters were attended to by the society before the program was given. The Ebells voted to continue its patronage of the Day Nursery, and to contribute from the club treasury a substantial sum for the relief fund being raised for the eastern flood victims. A letter was read from Professor E. H. Clark of the Orange high school faculty, asking the co-operation of the Ebells society in making a success of the coming engagement of the Ben Greet players. This famous English company of players is to appear in Orange on April 24 and 25 under the auspices of the Orange high school and will present "The Shakespearian plays."

Mrs. A. J. Lawton spoke briefly concerning the contemplated formation here of a branch of the Drama League of America. The Drama League is an organization formed for the purpose of raising the standard of the stage, by studying the plays, working for the good and against the bad.

The County Federation of Women's Clubs will hold its convention this year at Anaheim on April 5th. The following delegates were elected to represent the Ebells society: Mesdames C. S. Crose, W. L. Deimling, W. F. Lutz, L. D. Mills, C. W. Burns, Leiby, P. L. Tople, G. S. Briggs, J. W. Elsho, C. S. Crookshank, J. A. Crans, J. J. Roper, C. E. Lammie, A. L. Dearing, Miss Talbot. The alternates are Mesdames F. H. McElree, J. H. Rankin, L. J. Carden, F. L. Austin, C. E. French, Laura Wilkes, G. A. Whidden, H. Roemer, W. M. Smart, H. Hansen, J. S. Wasser, J. E. Liebig, M. Charles, J. W. Elee, Louise Scarborough.

To the state convention, to be held at Fresno on the 29th and 30th of April and the 1st and 2nd of May, the following delegates were elected: Mesdames George S. Smith, J. P. Baumgartner, J. W. Blee, Terry E. Stephenson. The alternates are Mesdames E. B. Smith, C. S. Crose, W. L. Shatto, and A. J. Lawton. Besides these delegations, the conventions will be attended by the president, Mrs. Samuel W. Nau.

The Ebells society voted to endorse the candidacy of Mrs. Ella Westland of Upland for state president. After the business session Mrs. Nau, in a few gracious words, introduced Miss Bessie Chapin, whose trio of accomplished musicians provided the afternoon's entertainment. Miss Chapin is a daughter of Mrs. Lou V. Chapin, who has been a favorite lecturer before the Ebells society, "and as her mother's daughter, Miss Chapin would be sure of a welcome even though she were not an artist," said Mrs. Nau.

An artist Miss Chapin soon proved herself to be. She is a talented young mistress of the violin who has had the advantage of the best masters, both here and abroad. Miss Chapin's program for Saturday consisted entirely of work by American composers. There were trios for the violin, cello and piano, and solos for the violin, cello, and voice.

Besides her unusual talent as a violinist, Miss Chapin possesses a rarely charming personality, and the brief sketch which she gave of each composer named in her program was very much enjoyed. Miss Chapin was assisted by Lena Henderson Sharp, a gifted young English cellist, and by Mr. Solie Heilbroner, the well known Chicago pianist. Mr. Heilbroner is a perfect accompanist and his work was greatly enjoyed.

Miss Aurelia Wharry, who possesses a clear and bell-like mezzo-soprano voice, was the afternoon's vocalist. The program for Saturday afternoon follows:

I Suite, in A major, op. 35. Horatio Parker
1. Prelude. 2. Minuets. 3. Romance. 4. Finale.

talk on "The Birds of California."

Beginning with the water fowls she mentioned the different orders of birds, beginning with the divers and swimmers and other marine fowls, then going on to the land birds, giving a most entertaining address. The lecture was well illustrated, mounted specimens from the high school being shown. These lectures are interesting and instructive and the public is cordially invited to attend and receive the benefits of them.

The next lecture will be on "The Wild Flowers of California." The lecturer will be announced later. Succeeding that will be an address on the interesting subject of "The Sea Beach at Low Tide."

All of these lectures and kindred ones should prove very attractive, not only to the long-time dwellers of the state but to the later comers to gold in California.

Notable Dancing Party

One of the most charming functions of several seasons in Santa Ana for the younger society set was the dancing party given Saturday night at the Armory with the Misses Violet and Dorothy Twist as the engaging young hostesses. These young ladies who soon leave for Europe, have been extensively entertained within the last fortnight and at the event of last Saturday evening they entertained over sixty guests.

The Armory was undecorated as it is in itself a most attractive place for such a function as that of Saturday evening, but it was resplendent with youth and beauty, the dainty gowns of the hostesses and the other pretty girls present enhancing and lending sparkle and allurements to the scene.

The Schenman-Blanchard orchestra of Los Angeles had been engaged for the occasion and the dance music with its fascinating strains was irresistible to the gay young dancers who were charmed by Mesdames A. C. Twist, Norman Hoyle, Charles Twist, W. F. Lutz, J. H. Shaul, Miss Elsie Harrison. There were a number of guests present from Los Angeles and other outside points.

The balcony was utilized for the elegant supper, the Dragon catering and serving with all its famous excellence.

Prior to the dance, the Misses Twist and a number of friends from Santa Ana were guests of Miss Merle Garner at Artesia where a delicious noon luncheon proved a delightful event.

The trip to Artesia was made by automobile and those in the party were the Misses Twist, Misses Emily West, Irene Smith, Dixie Perkins, Linna Yarnell, Marian Gardner, Rhea Shaul and Phyllis Cope and Henrietta Nichols of Los Angeles.

For Rev. and Mrs. Wotton
An elaborate reception given for Rev. and Mrs. Wotton, formerly of Santa Ana, but now of South Pasadena, is pleasantly described by one of the Pasadena papers below. A number of Santa Anans were there:

One of the most delightful affairs in South Pasadena the past week was the reception Wednesday evening in honor of the Rev. W. H. Wotton, rector of St. James Episcopal church, and Mrs. Wotton. The pleasant affair was arranged by members of St. James parish and was given in the parish house at the corner of Fremont avenue and Monterey road. Dr. P. J. Rowe, bishop of Alaska, and Mrs. Rowe, who are house guests of Rev. and Mrs. Wotton, were also honored guests of the affair.

The decorations were elaborate and beautiful, yellow jonquils, feathery acaia and ferns being artistically arranged. A delightful musical program was given during the evening by Earl's orchestra.

The guests were received by Dr. and Mrs. Charles H. Hibbard, Mrs. Walter Wotkyns, Mrs. Thaddeus Lowe, Mrs. A. Scott Ormsby, Mrs. Augustus Davies and Mrs. D. W. Dutton. They were assisted by Miss Hibbard, Miss Burnham, Mrs. Mackey, and Miss Ranney. Delicious refreshments were served, the tables being presided over by Mrs. Carolyn Dobbins, Mrs. John Edgar Miller, Sr., Mrs. J. H. Dwight, and Mrs. H. C. Ranney, while a bevy of young girls presided at the fruitade bowls. These included Miss Elizabeth Wotkyns, Miss Rebecca Hibbard, Miss Margaret Hibbard, Miss Peterson, Miss Dunn, Miss Helen High, Miss Margaret Wotton, Miss West, Miss Leonie Wright and Miss Lacey. About three hundred guests were present.

O. E. Bennetts to Return
Mr. O. E. Bennett, whose Santa Ana home is at 1712 North Main street, but who has, with Mrs. Bennett, been spending the winter in Los Angeles, was in town today on business. He

and Mrs. Bennett expect to return to their Santa Ana home about the middle of April. At that time, the E. G. Holmes family, which have been occupying the Bennett residence, will vacate.

Mrs. Holmes will go to the eastern home in Minnesota in two weeks accompanied by her maid, but Mr. Holmes will stay to look after business interests. Mrs. Wright, Mrs. Holmes' niece and her son Frederick, will remain here until school closes.

Whereat, the neighbors and friends generally of both the Holmes and Bennett families are experiencing a conflict of regret and pleasure—regret at the going of the former and pleasure at the coming of the latter.

Whist Party

The Jolly Good Neighbors of South Bristol street met at Mrs. Blakes on Saturday afternoon. Progressive whist was played with Miss Edith Stanley and Charles Williamson winning first prizes, each getting a folio of beautiful prints of masterpieces of art.

Delicious refreshments were served of perfection salad, rainbow pudding, cake, chocolate and candy.

The guests were Messrs. and Mesdames N. E. Mathews, Walter Neill, Chas. Williamson, Joe Neubaumer, C. H. Stanley and Miss Edith Stanley.

Personals

Mr. and Mrs. A. F. Hayes, and Mrs. H. N. Hayes, Mr. and Mrs. Hardy, Miss Declina Hayes and Joe Hobson spent Sunday in Long Beach, making the trip on motorcycles.

Miss Thurza Marrs has returned from her three months' visit in Chicago, where she went before Christmas to visit her parents.

The many friends of Mrs. James R. Coxen, formerly Miss Anna Vance of this city, will be interested in knowing that a little daughter was born to Mr. and Mrs. Coxen at San Marcos, Texas, on Easter Sunday. Mrs. Vance is with her daughter, having gone to the Texas city on March 29.

Tom Snerrill, one of the Santa Fe force in Santa Ana, was called to Colton yesterday by the serious illness of his father.

Frank Preston was called in from El Centro on business on Saturday, and spent Sunday in Santa Ana with his relatives.

Willie Birch, formerly of this city, spent yesterday here with relatives, coming down from his present residence in Los Angeles.

Mrs. Roy Parker and baby are here from Pasadena for a visit with Mrs. Parker's parents, and Mrs. A. H. Williams.

Mr. and Mrs. Dunn Van Geisen of Los Angeles, spent the weekend with the latter's parents, Mr. and Mrs. John Mitchell, on Van Ness avenue.

Charles Greenleaf, an old-time Santa Ana boy, was down from Los Angeles yesterday visiting Will and Frank Greenleaf.

Mrs. G. R. West went to Los Angeles yesterday afternoon to visit her daughter, Mrs. C. R. Maddux, for a few days. She will return tomorrow with Miss Sophia Dwyer, who will spend tomorrow in the city.

FOUR HORSES FOUND TAKING LIFE EASY

Four horses, one black and three bays, were taking life easy in the vicinity of McClay and McFadden streets today when Policeman Davenport chanced along. The animals were without owner or other care and so the officer escorted them to the city pound, where the owner can find them if he reaches that institution before they are sold.

AMUSEMENTS

Della Clarke in "Introduce Me"

In reviewing Della Clarke's new comedy, "Introduce Me," which will be produced at the Grand Opera House for an engagement of two days, Friday, Saturday matinee and evening, April 4 and 5, an exchange says:

"Introduce Me." Certainly. A genuinely funny four act farce, teeming with smart, sprightly dialogue and laughter provoking situations, which gave two large and appreciative audiences codules of wholesome enjoyment at matinees and evening performances.

The story is well told, too; the humor is natural and well sustained, the sequence of incidents supplying the merriment being logical and plausible. The cleverness in the construction of this frothy, new contribution to the comedy stage was particularly noticeable in the "broadest farcical scenes. The explosions of laughter, these scenes provoked were caused by the wholly natural development of each to its climactic point.

"Nichol is an unsuccessful writer with an exceptionally clever wife whose cleverness he does not appreciate. But he is deeply in love with her. It is Nichol's nature to be deep. And Nichol's wife is just a jolly up in him. She perceives that he is so profoundly absorbed in his own literary ambition to concede to her the genius she possesses. Hence she determines to do something on her own account that will keep the wolf from the door while he is struggling with his aspirations. She writes a book. It is accepted by a publisher and makes a hit. Generous royalties accrue to her. She uses the money to maintain their household, explaining to her husband that she is accepting loans from a wealthy old aunt, who lives in the country. To carry on her own literary efforts, and thus keep the 'loans' coming in, she finds it necessary to rent an apartment, where she spends her working hours each day. She accounts for her absence from home by explaining to her husband that she is a member of various women's clubs. He is convinced that she does not care for his companionship and he broods over it when he is not absorbed in his own ambition and conceit. And so it goes until an enterprising actress and her admirer and financier, backed along with a proposition to dramatize the successful novel, which Mrs. Nichol has written under the pen name of Francis Everett. The producer, Charles Weatherspoon, selects Mr. Nichol to write the dramatization, innocent of the relationship between the struggling writer and the successful authoress.

"All sorts of funny complications grow out of the general misunderstanding. Then comes the old Aunt Hannah, who is really as poor as a church mouse, to add to the confusion by giving her married niece a surprise visit. She is forced by the clever wife to assist in carrying out the deception by pretending to be wealthy.

"Only after Nichol, overjoyed by the commission to dramatize the novel, of which he has heretofore had no knowledge, acknowledges that some women, at least, can think and write things worth while, is the deception disclosed to him.

"Introduce Me" is handsomely staged and dressed. The two interiors in which the movement of the farce occurs are complete and tastefully arranged. Miss Clarke wears a frock in the last act that will delight the feminine eye.

Dr. A. T. Vance, osteopath, offices 114 1/2 East Fourth St. Sunset 239.

The members of the Fraternal Union, especially the old members, are urgently requested to be present at the meeting Tuesday evening, April 1. There will be state delegates here and important business is to be transacted.

NO PRISONERS IN THE SANTA ANA CITY JAIL

Empty is the city jail, nobody there.

Not only is the calaboose void of inmates but it has been entertaining nothing more than an acting void for sometime.

It is presumed that the void has been aching because the last guest complained after a night's incarceration that he "found it so lonesome in there that it hurt."

It is doubtful if there is any city with equal population of Santa Ana that can show such an admirable condition.

As a matter of fact serious criminal acts are the exception in Santa Ana because of the exceptionally high standard of citizenship for which the city is noted.

GAZETTEER OF CALIFORNIA'S RIVERS, CREEKS AND LAKES

Catalogue of Surface Waters Published by United States Geological Survey in Co-operation with State Water Commission and State Conservation Commission.

Part III of the Gazetteer of the Surface Waters of California, prepared by the United States Geological Survey in co-operation with the State Water Commission and the Conservation Commission of California, has just appeared as Water Supply Paper 297. This volume covers all the rivers, creeks, lakes, and other bodies of water in the area drained by the Pacific coast and Great Basin streams and gives a brief description of each, stating the source, general course, location, body of water into which it empties, length, fall, and other useful data.

This gazetteer is one of a series of engineering reports which is being published by the Geological Survey under co-operative agreement with the state of California and which will become a part of the final reports of the two state commissions above named. Exhaustive investigations of State's Water Resources.

The object of these state commissions is to procure all facts concerning location, flow, fall, and possibilities of water-power and irrigation development of the streams of the state, together with the storage possibilities on all the lakes, ponds, and artificial reservoir sites. The gazetteer therefore forms a key to the information contained in the engineering reports. For the general public it is valuable geographically, because it affords a ready means of reference to the facts concerning any of the bodies of water of the state and also a means of identification. An example of the information contained in the gazetteer is

given in the following reference: Humboldt Creek; Siskiyou County, California; rises in the northwestern part of T. 45 N., R. 8 W., Mount Diablo base and meridian, at altitude 4,000 feet above sea level; flows eastward 4 miles, then northeastward 4 miles into Klamath River (tributary to the Pacific); fall, 2,000 feet. Shasta sheet (topographic map published by Geological Survey).

Many Queer Pioneer Names

This volume of the gazetteer shows many curious similarities in nomenclature, common and favorite names having been given to different streams and lakes by the early settlers, who christen most of the natural features in new countries. Such characteristic pioneer names as Deadman Creek and Deadman Canyon Creek are applied to five different streams; in the area covered by the report there are ten Dry creeks, two Humboldt creeks, two Jackass creeks, five Lion and Lion Canyon creeks, five "Lost" streams, and two Mad rivers. Bear, Bear Canyon, and Bear Trap are applied to thirty-six different water bodies, and there are five Grizzly creeks. There are fifteen Coyote water bodies, two Wildcat, one Cat, and two Gatos (Cat, Spanish) creeks; one Skunk Creek, nine Deer creeks, and one Rabbit, two Quail, two Dog, and one Scorpion creeks. There are also ten Devil and two Diablo creeks, but the Saints, male and female (San and Santa), cover a dozen pages of the gazetteer. There is also a Poison Creek and a dozen Snake and Rattlesnake creeks.

The fish are represented in a page of Eel rivers, several Fish creeks, and one Sardine Creek.

Copies of Water Supply Paper 297 (Part III of the Gazetteer) may be obtained free on application to the Director of the Geological Survey, Washington, D. C. Water Supply Papers 295 and 296 (Parts I and II) are out of stock at the Survey but may be obtained from the Superintendent of Documents, Government Printing Office, Washington, D. C., for 10 cents each.

SALT LAKE'S NEW TRANSCONTINENTAL TRAIN APRIL FIRST

A new trans-continental rail route has been provided between Chicago and the Pacific coast in the service of a new fast passenger train, the "Pacific Limited," a limited train of unlimited service, having all the modern conveniences and luxuries, and all the way between Chicago and Los Angeles without extra fare, and with no change of cars.

The railroad idea of "unlimited service" provides for the most modern rolling stock, with interior equipment devised for comfort, berths that are real beds, dining car service that keeps appetite and satisfies it, solicitous and courteous attendance calculated to bring the traveler back, and a smooth scientifically ballasted roadbed, provided with every modern safeguard such as automatic signal devices, together with the latest and best mechanism of engine and car equipment to insure safety and speed.

The new train is routed from Chicago to Omaha over the Chicago, Milwaukee & St. Paul Ry., Omaha to Salt Lake City over the Union Pacific and Oregon Short Line tracks, and from Salt Lake City to Los Angeles over the Salt Lake Route. The first train will leave Chicago at 10:45 a. m., April 1, 1913, and every day thereafter, arriving at Omaha at 12:15 a. m., Cheyenne at 2:15 p. m., Ogden at 6:50 a. m., Salt Lake City at 8:15 a. m., and at Los Angeles at 10 a. m., on the morning of the third day. The opposite train will leave Los Angeles at 9 a. m., arriving at Salt Lake City at 11:45 a. m., Ogden at 12:55 p. m., Omaha at 7:40 p. m., the second night and Chicago at 9:15 the morning of the third day.

Savings Bank Deposits

VS

Investments

"How can I invest \$1200.00 now in a savings bank drawing Four Per Cent Interest, at practically no more risk to the principal than at present, but paying a better rate?"

Before the writer of the above withdraws the money to invest it in securities, he should consider the matter very carefully. If the savings bank is a sound institution the money on deposit is already one of the very best investments that human ingenuity has yet devised for a small fund.

The bank is paying 4 per cent compound interest, but a higher rate is wanted. Four per cent in a savings bank may seem a low rate of interest; but when the safety of the investment is considered and the interest is compared with the yield of a high-grade security, it is not disproportionate.

A savings bank depositor, moreover, must not lose sight of the fact that he has something besides his interest.

He has money and it is intact in his bank.
When he buys a security he parts with the money, and he cannot reclaim it except by selling the security. When he loans the money on mortgage his funds are not available for several years.

HAIR TURNING GRAY OR FALLING? JUST MIX SAGE TEA AND SULPHUR

It's Grandmother's Recipe for
Dandruff and Restoring
Color to Hair

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50 cents. Some

druggists make their own but it's usually too sticky, so insist upon getting "Wyeth's" which can be depended upon to restore natural color and beauty to the hair and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair. Folks like "Wyeth's Sage and Sulphur" because no one can positively tell that you darkened your hair, as it does it so naturally and evenly, says a well-known downtown druggist. You dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. This requires but a few moments, by morning the gray hair disappears and after another application or two is restored to its natural color and looks even more beautiful and glossy than ever. THE MARKETS

LOS ANGELES PRODUCE MARKET

A carload of tomatoes from Florida was received Saturday, this being the first shipment of the vegetable to come in for some time. The quotations were \$2.75 to \$3 a crate. Hereby are consignments of tomatoes brought to this market from as far east as Florida. There were also some green peas from the same state. Strawberry rhubarb was more plentiful. Some of the fanciest asparagus stock was offered at 16 1/2 to 17 cents a pound; owing to the larger supply. Other vegetables remained about the same. Potato receipts were better.

There was a better supply of pineapples. Apple receipts as usual were heavy. The market is very well stocked with the fruit. Navel oranges are rather scarce. Tangerines are comparatively plentiful.

Butter, eggs and cheese were steady. Butter and cheese should decline materially soon.

Reported receipts were: Eggs, 494 cases; butter, 19,267 pounds; cheese, 431 pounds; potatoes, 167 sacks; sweets, 10 sacks; apples, 1853 boxes.

Planting

We are now in the midst of the tree planting for this season in the Yucaipa Valley. Forty thousand trees are being set. Rome Beauty, Wineaps, Delicious, Arkansas Blacks, and Winter Banana, are the principal varieties being set. These are the varieties that have been well tried out in the valley and produced such remarkable results. Pears and cherries are also being set, both of which do remarkably well in Yucaipa.

The big water developments and irrigating systems are nearing completion. And now for the surface crops. Hundreds of acres of vegetables are growing.

More tomato growers are wanted. The cannery is ready to contract for 50 acres more. The Yucaipa tomatoes, large, smooth and solid, are especially valuable for late shipment.

Remember there is no other land proposition in Southern California equal to the Yucaipa Valley when it comes to soil, irrigation and domestic water, modern improvements and profitable results. Not way up north. Not out on the desert. No stones, no cactus, no brush. The whole valley a garden spot. No fogs. No destructive winds. No late frosts. No desert heat, pleasant all winter. Fine schools, churches, newspaper, library, hotel, stores, woman's club, growers' club, park, electric light, automobile service. Rural free delivery and all things that make life attractive in this beautiful valley.

And soon this fine opportunity will be gone forever for the land is selling fast. The price is reasonable, the terms so easy, six per cent interest, two years between payments. We go up every week. One day trip to see it all. Only 64 miles away. Go with us and see for yourself. Reo lands and Yucaipa Land Company.

Land and Valuables Figure in
Litigation Involving Many
Reputed Owners

A cross-complaint was filed this morning in the superior court by Maggie Silva, who is made one of the defendants in the action instituted recently by the Orange County Savings & Trust Company, involving the collection of a promissory note for \$600. The other defendants in the same action are John Arzaiz and his wife, Emerson R. Vincent, and George B. Rea, as partners trading as the Crescent Hardware Company, and one or two John Doe defendants. The cross-complaint filed today is the separate defense and complaint of Maggie Silva, whose attorneys are Scarborough & Forsay. She denies that there is reason for making her a party defendant, and on the contrary insists that the \$600 involved belongs to her.

To Quiet Title
Family differences that involve title to land in the vicinity of Placentia were taken into the superior court this morning, with Judge Curtis D. Wilbur presiding. Considerable feeling seemed to be engendered in consequence of the suit, and quite a large number of witnesses were in attendance at the behest of the two principals, who were Josephine des Granges and John C. des Granges. The suit is to quiet title.

An inventory of the estate of Clark Dutton, deceased, was filed with the county clerk today by Cysta Dutton.

Attorney Is Plaintiff
Attorney F. C. Spencer of Anaheim is plaintiff in a suit against J. A. Schmitz in which he claims a 50 horse-power gas engine and certain tools and appliances valued at \$1000, which had been assigned to him by W. K. Fogg. The plaintiff is represented by Attorney A. W. Sorenson.

**SCHOOL ELECTIONS
ON COMING FRIDAY**

All Districts Throughout the
County Except Santa Ana
Are to Vote

Every school district in Orange county holds an election Friday next for two members of the district school boards, with the single exception of Santa Ana.

Every report received up to date at the office of County Superintendent R. P. Mitchell indicates that the utmost harmony prevails in all sections, although there is no telling what the future may bring forth.

"Everybody and everything seems to be peaceful," said the county superintendent this morning. "I haven't heard of a ripple or a river of trouble anywhere. That there may be a little opposition among neighbors in some sections, is not to be unexpected, but as yet we haven't heard of anything of the kind."

Asa Dickey Controls All But
Two Shares of Stock in
New Concern

The Santa Ana Furniture company filed articles of incorporation today with the county clerk's office. The incorporators are Asa Dickey, J. E. Liebig and Victor E. Johnson. The former holds 148 shares and the latter two one each. The company is incorporated for \$15,000 with the 150 shares valued at \$100 each.

The incorporation of the company practically marks the sale of the furniture house of Liebig and Johnson to Mr. Dickey, who is an experienced and successful business man. The new concern will continue business at the old stand at 214-16 East Fourth street.

**LOOSEN PURSE

CHARITY**

Benefit Performance for Flood
Sufferers to Be Given at
Temple Theater

Santa Ana stays at the head of the list of communities of her size in extending the hand of sympathy in a substantial way for the stricken people of her sister cities in Ohio and Indiana.

But there is still more to be done. The supplies which have already been dispatched to the relief of the victims will soon have been used, and more must be kept flowing in, both for food and shelter for the homeless and helpless.

How would you feel, if you saw a tiny body crying for food, for milk to keep the feeble life in the little body? Wouldn't you take the last cent you had to provide God's little one with nourishment? Of course you would! Now, imagine one hundred infants born in that desolated district without food or warmth, and their parents unable to secure either for them. This is only one feature of the terrible disaster which pulls at our heartstrings.

But this appeal is made in order to loosen up the pursestrings also. A benefit performance will be given Wednesday afternoon at the Grand Opera House, and the money obtained will be sent east as soon as it is secured. The house should be sold out before the hour for the entertainment even approaches. The tickets have been placed at the very small price of twenty-five and fifty cents. Buy all the tickets you can, even if you cannot attend the performance.

From the announcements made, you will get full value received for your money and while enjoying yourself you will have that comfortable feeling of a good deed done.

Each "movie" in the city will contribute five acts, which will include impersonations, illustrated songs and the farce, "A Property Boy."

Can you beat it? The committee, which is composed of Dr. A. M. Rob-

erts, Bell Theater, chairman; N. A. Elm, manager of the Grand, and Chas. S. Shaw of the Blade Publishing Company, says that it will be the best program ever staged in Santa Ana. It is hoped to make this event go down into the city's history as the most successful charity benefit ever given here.

**INDIANS HAD THE SIGN
ON SANTA ANA HIGH**

The redmen from the Sherman Institute at Riverside came to Santa Ana Saturday afternoon and proceeded to take the scalp of the local high school's champion baseball team. The visitors were in fine condition and played with vigor, vim and dash at all stages. The Santa Ana players were unable to connect with the ball most of the time, and their fielding was ragged. Score: Indians, 11; Santa Ana, 1.
